

SDG Project Management Scholarship Program

Industry leaders – call to action

In 2016, over 30 CEOs from across industry issued a public CEO Statement of Support for the United Nations' Sustainable Development Goals (SDGs). The Statement publicly recognised the importance of the private sector in advancing Australia's contribution toward achieving the SDGs.

“Businesses that are able to offer solutions to the local and global sustainability challenges represented by the goals will build resilience, find new markets and position themselves competitively for the future...”

“The scope of the SDGs is broad, and businesses will find relevant points in the agenda that they can connect with and contribute to.”

- Alice Cope, Executive Manager of the Global Compact Network Australia (GCNA)¹

In support of the SDGs, Elemental Projects proudly launched the **SDG Project Management Scholarship** in 2019.

Scholarship candidates, selected in consultation with the GCNA, receive complementary:

- Attendance at the 6-day public training program ‘Elemental Project Management’, for the project manager and up to four team members
- 12-month subscription to Ecademy (an online video-based learning platform)
- A suite of professional project management tools and templates to use on their project
- Production of a short video about the project
- Attendance at Elemental Projects’ annual celebration event
- Nomination of one SDG-aligned project, chosen by the cohort, for the SDG Good Practices Awards

For more information about the Scholarship, see the SDG PM Scholarship Information Kit.

How you can support

Please join us in supporting SDG-aligned projects by sponsoring the SDG Project Management Scholarship Program – there are three tiers of sponsorship, designed to work with any budget.

Help us support *good work, done well.*

¹ The GCNA is the Australian business-led network of the UN Global Compact, the world’s largest corporate sustainability initiative
